

# Student Marks Management System

Student Marks are given in a file as below in CSV format.

Name	Subject	Marks
Student1	Mathematics	65
Student2	Physics	72
...	...	...

Subjects and Faculty Names are given in another file as below in CSV format

Subject	Faculty Name
Mathematics	Faculty1
Physics	Faculty2
...	...

Solve the following queries:

1. Find the faculty with highest student count who got more than 90%.
2. Find the faculty with highest pass percentage ( $> 40\%$ )
3. Find the faculty with least pass percentage ( $\leq 40\%$ )
4. Who is the top student with maximum total?
5. Who is the best student in Mathematics?
6. What is the average mark for each subject, (ignore failures)?
7. Find the student with least numbers of marks as total.
